Via di Val Cannuta 138, 00166 Roma

February 10, 2019

Provincial Prioresses and Councilors,
Delegates and Consultants

Dear sisters,

My fraternal greetings in the Lord. May his Spirit illumine and guide you in your service to the sisters, the Institute and the Church.

On this occasion I am writing to you to inform you of a new regulation called "European General Data Protection Regulation No. 2016/679 (GDPR)", which, although it has to be incorporated in Europe, has repercussions for other countries due to the fact that the Generalate is in Rome. Said Regulation became effective on May 25, 2018.

In response to their requirements, we have formulated an Internal Regulation on Data Protection that establishes the procedures and security measures for the treatment of the personal data of the Sisters, which I am sending to you so you can get to know it and be able to respond to what needs to be sent to the General Secretariat.

In the Internal Regulation you will find the Purpose, the main Obligations and the Processes to follow. It applies to candidates who have started or are going to start the postulancy in our Institute after May 25, 2018. I request special attention to section III. 1 regarding the form or personal data sheet together with the signature of the applicant, other documents attached and photos.

If you have any questions, you may refer to the Data Processing Manager, the General Secretary.

A fraternal embrace in our Father St. Dominic

Sr. M^a Asunción González, O.P.
Prioress General
